

Dear Sir or Madam,

Thank you for your interest in applying for a residency at Loma Linda University Health (LLUH). As Dean, I want to share with you what it would mean to be in a residency program at a remarkable faith-based university health system.

- LLUH is one of approximately 135 Academic Medical Centers in the United States, and through its employees we integrate health, science, and Christian faith.
- Patient centered care in our hospitals and purposeful teaching of our students is shaped by five core values: Compassion, Integrity, Excellence, Teamwork, and Wholeness.

*The real story of Loma Linda University lies in the hearts and actions of our faculty, clinicians, staff and students. Their commitment to our shared values is a daily demonstration of Christ's influence on our campus.* Richard Hart, President

- Our goal is to have residents and fellows that choose to train at Loma Linda University Health as a personal mission—something more than just clinical training.
- Our Mission – to continue the teaching and healing ministry of Jesus Christ. Imagine training in a University Health System that encourages integration of faith in the workplace. This mission is the inspiration driving our vision of innovation and excellence in Christ-centered health care.
- Being faithful to our mission is the strength behind our compassionate staff, skilled clinicians, advanced technology, research and world-class facilities.
- Our motto “To Make Man Whole” means caring for the mind, body and spirit of our employees, patients and students.
- With over 100 years of excellence, Loma Linda University Health provides leadership in Health Care and Wellness.

As part of the application process I ask that you reflect on our Mission Statement—*to continue the teaching and healing ministry of Jesus Christ*—and then write a response with special attention to how you envision your participation with our mission and values in your role as a resident or fellow with teaching, research, and service responsibilities in the School of Pharmacy and Medical Center.

Cordially,
